

Skills and Employability Focus Areas

Through All Together Cumbria's engagement with several stakeholders, including local businesses, educational establishments and support organisations, and analysis from reports produced by the Cumbria LEP, ATC have established three key focus areas to inform our Employability and Skills Plan:

Workforce Participation

Enabling and empowering people into meaningful employment including widening opportunities for workforce participation amongst under-represented groups

Career Development

Providing greater opportunity for career advancement for people living and working in Cumbria, assisting in the development of the Cumbrian workforce to meet skills challenges

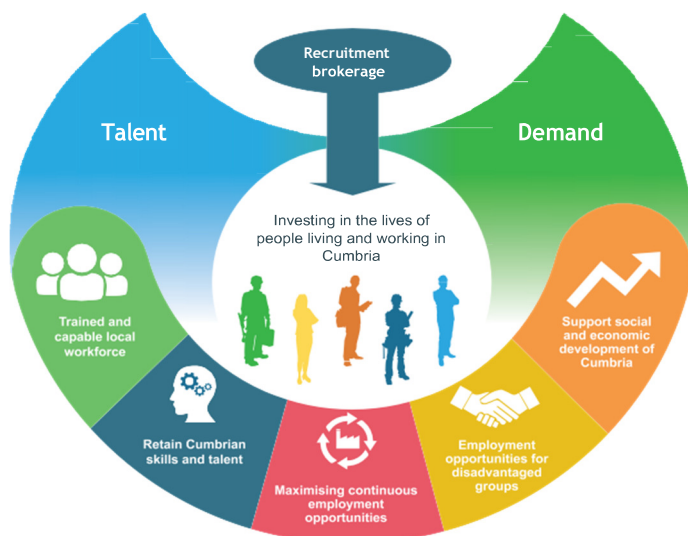

Educational Outreach

Engaging with young people, assisting in the discovery and development of career opportunities within Cumbria

The above focus areas support ATC's Vision, Mission and Key Objectives:

Our Vision: To develop a more sustainable workforce for the future of Cumbria.

Our Mission: By working in collaboration with the community and industry to meet skills demand, we will support the attraction, development, and retention of a talented local workforce, creating thriving communities across Cumbria.

Key Objectives

- Support the development of a trained and capable workforce
- Retain local skills and talents
- Provide access to employment opportunities for all
- Support businesses to resource robustly to undertake work for key clients
