

All Together Cumbria is a social enterprise delivering real change in Cumbria.

Our Vision: To develop a more sustainable workforce for the future of Cumbria.

Our Mission: By working in collaboration with the community and industry to meet skills demand, we will support the attraction, development, and retention of a talented local workforce, creating thriving communities across Cumbria.

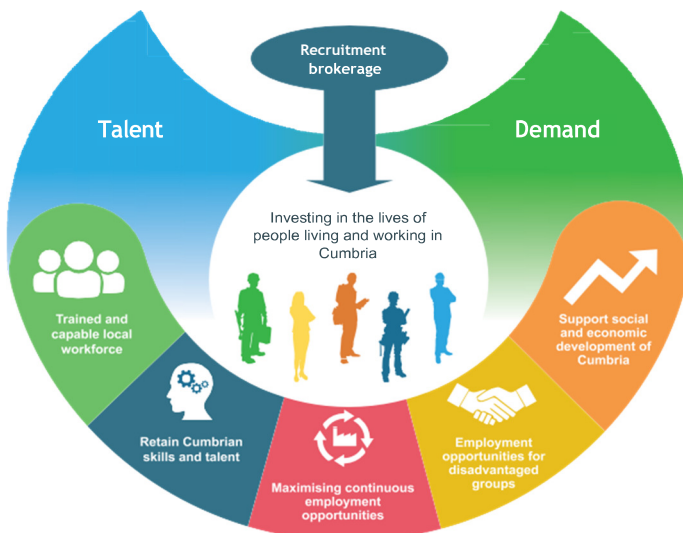

All Together Cumbria is a community interest company supported by industry leaders and was formed as an innovative solution to help resolve industry skills gaps that exist within Cumbria both now and in the future.

Working in partnership with industry, local training, and upskilling providers we are helping to create a sustainable impact in the local communities. We are committed to harnessing the incredible skills and talents that exist in Cumbria to develop a readily available workforce to meet the needs of industry.

What makes All Together Cumbria unique is our -

- Focus on local people
- Our partnership and collaboration with local industry
- Our co-ordination with organisations who are passionate about making visible social change.

To support our Vision and Mission we have developed our Key Objectives:

Key Objectives

- Support the development of a trained and capable workforce
- Retain local skills and talents
- Provide access to employment opportunities for all
- Support businesses to resource robustly to undertake work for key clients

The surplus generated through our work provides us with income to invest in our programmes and other associated schemes to increase workforce participation, enhance career development and to engage with young people through education establishments. All Together Cumbria is currently formed with a Management Committee made up of senior leaders from Morgan Sindall Infrastructure, Jacobs and Sellafeld Limited who oversee the governance arrangements of the enterprise.
